SHINIQUE Fiber Restore

A treatment that restores the hair's memory of its ideal form in just a few minutes.

SHINIQUE FIBER RESTORE is an express, highly concentrated treatment that rebuilds the hair fibre. Activated by water, it turns into a light mask that repairs from within, closes the cuticles and restores resilience. Designed for hair after colouring, bleaching and chemical treatments, it is an essential part of a professional hairdressing protocol.

WHO IS IT FOR

- Bleached, coloured and dry hair.
- Brittle hair weakened by chemical or heat treatments.
- Clients who need immediate repair in a short time.

ACTIVE INGREDIENTS AND ACTION

Rebuilding: A complex of 20 amino acids - regeneration of keratin bonds and strengthening of the fibre.

Nourishing: Shea butter, macadamia oil - deep nourishment and protection against moisture loss.

Moisturising: Sodium PCA, propylene glycol - moisture retention, smoothness and elasticity.

HOW TO USE

BEFORE A STRAIGHTENING TREATMENT (BTX, keratin, nanoplasty)

1. Wash the hair twice with a cuticle-opening shampoo.

2. Dry the hair completely.

3. Apply **3-5 sprays of Fiber Restore** to the dry, most damaged areas.

4. Do not rinse. Wait approximately **10 min**, then apply the straightening product.

ON CLEAN HAIR (before bleaching, a perm or colouring)

1. Section the hair and apply **3-5 sprays** to each section.

2. Comb through, leave for **3-5 min**, rinse, dry and apply the dye or bleach.

AFTER CHEMICAL TREATMENTS (bleaching, colouring, a perm)

1. After rinsing out the dye, do not apply a mask.

2. Apply **5-10 sprays** to towel-dried hair, leave for **10 min**, then rinse.

ON DAMP HAIR - REPAIR

1. Apply **5-10 sprays**, leave for **10 min**, then rinse.

AS A NOURISHING MASK

1. Mix Fiber Restore with water at a **1:3 ratio** (e.g. 10 ml + 30 ml).

2. Apply for **5-10 min**, then rinse.

EXPRESS SOS - VERY DAMAGED HAIR

1. Wash the hair with a cleansing shampoo.

2. Spray on Fiber Restore, massage in and leave under heat for **20-30 min.**

3. Rinse, apply a mask with **5-10 ml Shinique Repair Elixir**, leave for **5-10 min**, then rinse.
